

Eco-friendly paper tapes

We develop and deliver the most advanced paper tape solutions on the market, divided in the three most common categories, Masking – Packaging – Splicing.

Packaging tapes

Eco-friendly packaging tapes made of KRAFT paper with Solvent or Hotmelt adhesive. In response to the ever-increasing pressure for ecological packaging, we at EKO-TECH produce hand tapes in standard and special sizes, as well as machine tapes in rolls of up to 1000m. We produce KRAFT paper tapes in four qualities, taking into account market needs and applications.
