

3M™ VHB™ Tape 4914-015: Ultimate Bonding Strength for Superior Performance

Adhesive Type:	Acrylic
Backing (Carrier) Material:	Acrylic Foam
Backing (Carrier) Thickness (Imperial):	3 mil
Brands:	VHB™
Indoor/Outdoor:	Indoor/Outdoor
Industries:	Appliance, Electronics
Liner Material:	Densified Kraft Paper
Maximum Operating Temperature (Fahrenheit):	300°F
Product Color:	White
Smallest Saleable Unit:	Roll

The quoted adhesive strength refers to laboratory tests according to specific test standards. In no way does it imply a guarantee of any parameter with respect to other materials and bonding conditions than those specified in the test standard. In addition, due to tolerances occurring in the manufacturing process, the actual adhesive strength of the product may show some deviation from the values stated in the technical documentation.
